

My name is:

1. Fill in the missing words. But careful – one word is extra!

Missing words: row - schools - poor - live

Would you like to go to a “boat school”? In **Cambodia**, thousands of people on **floating villages** along the Tonle Sap lake. These people are and have no land, and so their homes are house boats. Shops, churches, pubs, restaurants, and are also on boats. So, every day the children and teachers go, or better **row** to school.

Missing words: television - house - village - cave

Cave school

In Dongzhong, a small in China, there was a special school. As many people were poor and lived in caves, the school was also in a cave. When a film about the school was shown on , many people in China wanted to help the pupils. They gave them money, books, **desks**, and instruments. Now the school is in a real school

Missing words: water - pupils - ground - years

Underground school

At Terraset Elementary School (Virginia, USA), the have to go underground as their school **lies below** the **ground**. This underground school was built 40 ago, when people tried to **save energy**. The **heating costs** are very low, and **solar collectors provide** enough energy for and **light**.
